The Flossie Pack Center for Lifelong Learning

When longtime active SPARK member Flossie Pack celebrated her 93rd birthday in December 2020, her family donated \$600,000 in her name to SPARK.

Their generous bequest honored her love of SPARK and her passion for lifelong learning. These funds help us share with others the opportunity to continue learning and meet like-minded members. That's why SPARK is now known as The SPARK Flossie Pack Center for Lifelong Learning.
